

# Rotary Youth Leadership Awards

## **What Participants Say:**

The most amazing week of my life, meeting new people and having fun whilst learning new skills for the future.

RYLA has massively boosted my confidence, politeness, team working and leadership skills. It changed my way of thinking for the better.

It has been a confidence building opportunity that has given me new skills and a chance to challenge my way of thinking.

The experience has taught me to become so much more capable and not worry about issues I need to address.

RYLA has brought me out of myself and has given me the confidence to lead a team. To me RYLA has been one of the biggest eye openers. It taught me more about myself, including who I am, who I want to be and how to get there.

## **What Employers Say:**

For a significant number of years, we have supported RYLA by sending our employees on this excellent course and it has always been worthwhile.

We have sent employees with varying characters and personalities and every single one has been challenged and come back a better person.

As a direct result of the course each employee has had a great better focus and understanding of what they wish to achieve at work and life in general.

Speaking from the employer's point of view we have found the course unbeatable value for money when measured against similar courses and the outstanding results continually produced by the RYLA staff.

I was very impressed with the program it is not only the young people who benefit, but I can honestly say the Company also benefits. What we have found is that they have better communication skills, they have more confidence and become more reliable.
